

Bluegrass News

Uno Reverse?

Local resident Mildred McStuffins, 83, lives alone in her house on Bluegrass Dr. To the amazement and concern of her neighbors, they discovered Mildred sitting up in a tree about 7 feet off the ground. Emergency services were immediately contacted, but upon returning to Mildred, it was discovered that they were no longer needed.

One of Mildred's many cats, lovingly named Chub, appeared to have somehow gotten Mildred down safely. In an exclusive interview with the granny-saver himself, Chub reveals his past work as a stunt actor, having had years of safety training under his belt. When asked about his most dangerous stunt, Chub replied;

“Meow meow meow, **meow** meow! Meow meow meow meow meow, meowww!” No injuries have been sustained, and sources say Chub was awarded an entire deboned cod filet for his assistance.
